our new and innovative imaging products.

### Exhibit Hours

|                    |                  |
|--------------------|------------------|
| Monday, July 23    | 11:00am – 2:00pm |
| Tuesday, July 24   | 11:00am – 2:00pm |
| Wednesday, July 25 | 11:00am – 1:30pm |

\*The dose reduction in digital chest radiography is based on limited phantom and clinical study results.  
Only routine PA chest radiography for average size adults were studied, excluding pediatric patients.
